My name is Sammy. I am not a pirate but one day I found a treasure. Maybe this story could help you find yours.

## A Treasure to be Shared

In the book, Sammy shares his treasure with other boys and girls that, like him, have also lost someone they love. Hopefully his story has helped you a little bit too. Sharing has that power, to speak to others and help them. Perhaps your experience has been different to Sammy's and you might have found things that have helped you in your journey or that have been really unhelpful.

Would you like to write a letter to Sammy and tell him about your own experience?
